

WELCOME PACK

WELCOME TO CEERRF!

The practical guide for your incoming mobility — students and staff

Erasmus+

You're about to join CEERRF, an Institute of Physiotherapy Training located in Saint-Denis, just outside Paris — and we're thrilled to welcome you! Whether you're a student or a staff member, this guide brings together everything you need to know before, during and after your mobility with us. We've tried to make it as clear and friendly as possible — promise, no impossible-to-swallow administrative jargon!

PART 1 — For students

You can come to us for an internship (clinical or not) or for a study mobility (courses, shared semester) — the information below covers both cases, with a few nuances specific to internships.

The essential information

International Office	international@ceerrf.fr · +33 1 48 09 04 57
Erasmus Code	F PARIS515
Language of instruction	French — English is exceptionally possible for internships only
Housing	CEERRF does not provide housing, but supports you in your search (list of housing options in Saint-Denis)
Professional liability insurance	Provided by CEERRF
Transport pass	Around €90 / month

Key dates

- Autumn semester: application in January → arrival early September (flexible)
- Winter semester: application in May → arrival early January (flexible)
- Minimum duration: 2 months for an internship, 3 months for studies

 *Your project doesn't fit exactly into these boxes? Tell us about it anyway — we always look at tailor-made projects!*

Your application file

- Nomination from your home institution
- Proof of identity
- Photo for your student card
- CV
- Cover letter
- European Health Insurance Card
- Vaccination document (internships only, whatever the type — see below )
- French level (if required)
- Learning Agreement
- Repatriation/death insurance (mandatory)

Additional documents may be requested depending on your situation.

- Attire: white coat, white trousers, clean white shoes, hair tied back, no jewellery
- Punctuality and professional conduct are expected
- Hours: Monday to Friday, 9am–5pm (sometimes until 8pm depending on the department)
- A dedicated contact at the International Office throughout your stay (WhatsApp + one or two check-ins)

ECTS credits: 1 week of internship = 1 ECTS (1 credit = 25 to 30h)

Mandatory vaccinations (for any internship, clinical or not)

⚠ This section applies to students doing any kind of internship — it does not apply to study mobilities without an internship, nor to staff.

In accordance with French regulations on physiotherapy internships, you must be up to date with:

- DTPolio (diphtheria, tetanus, poliomyelitis) — single injection
- Tuberculosis — recent intradermal tuberculin test, to be shared with us
- Hepatitis B — 3-injection protocol + serological test:
 1. 1st injection, at least 4 months before the start of the internship
 2. 2nd injection, one month later
 3. 3rd injection, one month later
 4. Serological test, one month after the 3rd injection

⚠ Without a communicated serological result, or if it is below 10 IU/l, the internship will not be able to take place — plan ahead, as the full protocol takes at least 4 months!

At the end of your stay

We love keeping a record of your time with us! Please send us a short article (300 words) about your experience, which we'll gladly publish on our website.

👤 PART 2 — For staff and teaching staff

Every staff mobility is unique, and we love that! Rather than a standardised path, just tell us what you have in mind — the International Office will get back to you to build your project together.
